10 YEARS OF EXPERIENCE

I am a senior profile in agro-environment and quality control, and I want to join a company in order to bring it my professional qualities. I have a strong experience in the agro-industry sector which constitutes an added value for me.

I am rigorous and versatile, able to work under pressure in order to achieve the required objectives.

AGRO-ENVIRONMENTALIST ENGINEER

SPECIALIST IN AGRICULTURAL TECHNIQUES AND ENVIRONMENTAL QUALITY CONTROL- QUALITY AUDITOR

Strength of proposal

Sense of hearing

Ability to work under pressure

Versatility

• Good knowledge of the agricultural sector

• Good knowledge of agro-environment

• Mastery of agricultural techniques

• Knowledge in planting creation

PROFESSIONAL EXPERIENCE

► **Since August 2017(5 years 8 months):** Agricultural raw material purchasing supervisor
PALMCI-SIFCA (UAI OF TOUMANGUIE)

Key Achievements :

- Carry out the purchase of the bunches and ensure the transfer of the bunches to the various pre-collection points and to the factory in the optimization of costs, quality and time;
- Participate in the definition of the organization and marketing activities, coordinate them and control the results;
- Monitor and process satisfaction surveys with growers, transporters, cooperatives and private weighbridges;
- Maintain close relationships with planters, team leaders of large planters and other field actors;
- Supervise community development projects and programs;
- Manage and coordinate field activities with cooperative supervisors and private palm regime buyers;
- Train planters on good and best agricultural practices through farmer field schools;
- Monitor the evolution of the production potential and that of the capacities installed at the level of each purchasing region;
- Technical support for plantations under management in the sub-region;
- Create plantations and ensure customer satisfaction (planters);
- Make the geolocation of the plantations and a periodic report of activities;
- Do the internal QSE audit and provide the secretariat of the CSST PALMCI-Toumanguié.

► **July 2012 to July 2017(5 years) :** Industrial planting agricultural team leader
PALMCI-SIFCA (EHANIA INTEGRATED AGRICULTURAL UNIT)

Key Achievements :

- Supervise the harvest of palm bunches
- Carry out the fertilizer and chemical treatment spreading program

- Ensure the implementation and respect of good agricultural practices
- Write daily activity reports
- Ensuring Occupational Health and Safety (OHS)
